Re: Standing Non-Objection

August 17, 2008

Dear Sir,

I would like to establish a standing "non-objection" with the court on all evidence submitted, and on all witnesses dismissed. If the court prefers then I will wait until the first exhibit is submitted and then make my request in court for the record. I will state that I understand my right to object, and prefer to assert any objections rather than be asked by the court each time.

At the same time I would prefer if the court also assumed that I concur with all signed stipulations, unless again, I assert an objection.

I am making this request in accordance to my option of remaining silent during these proceedings.

Thank you,

Joseph E. Duncan III
