Yale, I just received this e-mail from Lauri Siddoway. She directs me to put together the cost bill for the Supreme Court, using the billings you have. Accordingly, I'd appreciate a copy of the billings you were going to use on the cost bill in the mandamus case.

Thanks, Yale!

Milt Rowland

I told Yale that we would handle preparation of an order releasing the parking meter revenues, if one was needed.

I'd like you to handle the cost bill. You're already counsel of record. Can you just ask him to have his staff get you any bills or invoices, and you'll deal with it? You could do me a favor if you'd let him know at the same time that the Mayor has told the Council it can reduce the RPS litigation line item, so we're under strict cost containment at this point. I'll be sending him a letter on this score.

I've asked George to file a motion for correction with the Supreme Court and to prepare any order we need to enter in Judge Donohue's court.

Thank you, Milt.

Lauri
